BW RUSTOP P-325N

Oil based anti rust oil

Description P-325N is water insoluble anti-corrosion oil for short and mid term indoor storage with oily film

Benefits

1. It has good protection performance with thin oily film
2. It has low viscosity, so it is easy to use
3. It has good water displace performance
4. It can be removed by mineral solvent and alkaline cleaning oil

Properties

Contents	Results	Method
Appearance	Yellow clean	Looking
Specific gravity, 15/4 °C	0,798	KS M 2002
Kinetic viscosity, 40 °C, cSt	1,4	KS M 2014
Flash point, closed cup, °C	47	KS M 2010
Non volatile value, 110 °C, 2hrs,	12	KS M 2525
Film thickness, µm	Max 1	KS M 2109
Coverage, g/m²	1~2	KS M 2109
Drying time, min	30	KS M 2109
Salt spray test, hrs	36, A	KS M 2109

* Above test results are new fluid's typical properties, can be changed by quality improvement.

Application Material : iron and steel stuff
Metho: dipping, spray, brushing

Term of validity 12 months from the date of manufacture at sealed state, 0 to 40°C

Safety Refer to the our MSDS for safety information

Cautions

1. Please be careful about penetration of moisture while opening product
2. The protection performance can be less caused by clearness, application, storage field, storage method of coated metal
