

W-108

Water soluble cleaning fluid

Description	W-108B is a product with a special surfactant with excellent biodegradability as its main ingredient. It is a cleaning agent with excellent efficacy in contaminants from the inside and outside surfaces of factories. In particular, is an alkaline cleaner with excellent cleaning properties against organic contamination such as rust preventive oil and rolling oil and inorganic contamination such as dust and metal oxide.																
Benefits	1. It has excellent cleaning effect on organic and inorganic contamination by using a special surfactant with excellent cleaning power. 2. Contains high molecular weight amine surfactants to minimize skin irritation when the product gets on the skin. 3. Using a special surfactant with excellent biodegradability, there is almost no stigma on the water quality. 4. As it is water-soluble, the magnification can be changed according to the degree of contamination, and it has excellent cleaning power even at room temperature.																
Typical properties	<table border="1"> <thead> <tr> <th>Items</th><th>Results</th><th>Test method</th></tr> </thead> <tbody> <tr> <td>Appearance, conc</td><td>Colorless translucent</td><td>Visual</td></tr> <tr> <td>Appearance, 10 vol%</td><td>Transparent</td><td>Visual</td></tr> <tr> <td>Specific gravity, 15/4 °C</td><td>1.03</td><td>KS M 2002</td></tr> <tr> <td>pH, 100%</td><td>13.0</td><td>KS M 0011</td></tr> </tbody> </table> *The product may darken slightly when stored for a long time due to the nature of the emulsion. * Above test results are new fluid's typical properties, can be changed by quality improvement.		Items	Results	Test method	Appearance, conc	Colorless translucent	Visual	Appearance, 10 vol%	Transparent	Visual	Specific gravity, 15/4 °C	1.03	KS M 2002	pH, 100%	13.0	KS M 0011
Items	Results	Test method															
Appearance, conc	Colorless translucent	Visual															
Appearance, 10 vol%	Transparent	Visual															
Specific gravity, 15/4 °C	1.03	KS M 2002															
pH, 100%	13.0	KS M 0011															
Application	Factory floor cleaning, various equipment cleaning Method : immersion, mopping Using concentration : 7~15% by volume Using temp : room temperature																
Term of validity	12 months from the date of manufacture at sealed state, 0 to 40 °C.																
Safety information	Refer to the our MSDS for safety information																
Caution	1. Be careful not to mix with water or other oil agents during storage.
