

VBC CLEAN CPS-44V

Description

VBC CLEAN CPS-44V is cleaning oil that designed to have good cleaning property and drying property to remove a various kinds of industrial oils like cutting/ grinding oil, lubricants and grease. Especially, as it is stable on copper, copper alloy and Aluminum, you can use it on non-ferrous metal without problem.

Characteristics

1. Its good cleaning property easily removes dirt on complicated parts.
2. Its fast drying property reduces operation time.
3. It does not make an effect on rubber, aluminum, titanium alloy, ferrous and non-ferrous metal.
4. It is very stable.

Typical properties

TEST ITEM	RESULT	TEST METHOD
Appearance (conc.)	Colorless transparent liquid	Visual
Specific gravity (15/4°C)	0.77	ASTM D 1298
Flash point (°C)	42	ASTM D 92

Application

For removing grease, neat type forming oil, cutting oil, drawing oil and anti-rusting oil on rubber, aluminum, titanium alloy, ferrous and non-ferrous parts.

How to use

It is used without dilution at normal temperature by dipping, ultrasonic cleaning.

Term of validity

12 months from the date of manufacture at sealed state, 0 to 40°C.

Safety information

Refer to the our MSDS for safety information
